Many In State SUMMIT PREDICTED FOR JFK, MACMILLAN, NIKITA

LONDON (A) - Diplomatic sources predicted today President John F. Kennedy, British Prime Minister Harold Macmillan and Soviet Premier Nikita Khrushchev will meet in a summit conference later this year.

This possibility, the informants said, is a likely outcome of communications which the two Western leaders exchanged with Khrushchev.

A Foreign Office spokesman went out of his way at a news conference to explain that future planning for East-West-contact is still in a fluid state.

He stressed that the Western powers are consulting among themselves on the approach to be made now to Khrushchev.

Khrushchev yesterday proposed the 18-nation disarmament conference in Geneva for March 14.

TODAY'S EDITORIAL

Again There Is Need For Foreign Students' Homes

There is need for early, positive action by Marin County supporters of the foreign-exchange program, under which foreign high school students spend a year attending our schools, and Marin students attend foreign schools. Marin County residents are again asked to provide homes for foreign students. Sending Marin students abroad depends upon housing here being provided for students from elsewhere.

Nine foreign students now are being hosted in Marin County homes. There are two at Tamalpais, at Sir Francis Drake, at Redwood and at San Rafael High Schools; one attending Novato High. It is a rewarding experience to provide a "second family" for such visitors. Our Marin students return with a better knowledge of world conditions after their year abroad.

The time is here for finalizing exchange student arrangements for the coming school term. Mrs. Walter J. Tait, American Field Service housing chairman for the San Rafael district, states that applications to provide homes for foreign students should be filed by Feb. 22. Any high school, or its American Field Service housing chairman can supply full information to families with a child in high school whose parents would be willing to accept visiting stu-

In addition to social and educational advantages gained, there is material assistance. Medical and dental expenses of visiting students are provided. Each foreign student has a stipend for incidental expenses. Local high schools provide school costs fee-free. Each such host family is entitled to an additional \$600 exemption in its next income tax return. The host family provides a room and board for the visitor.

The number of homes open to Marin students abroad is the same as the number offered here. It is regrettable that there is delay in listing Marin homes. The time for action is right now.

Demos Building Platform On Which Assembly Candidate Must Run

By CHAPIN A. DAY

Marin-Sonoma Democrats, their endorsing convention in Petaluma Saturday reduced to considering only one announced candidate for Assembly, are building a platform on which he "must" run. A platform committee, headed by Hans Schiller of Mill Valley, will meet tomorrow at 8 p. m. in the county courthouse to consider planks pro-

posed by Democratic clubs their members or delegates to the endorsing convention.

Paul Golis of Cotati, former congressional candidate, Jack M. McCormick of Petaluma, Preble Stolz of Mill Valley. Caryl Conner of Tiburon and the announced candidate, Robert Carrow of Novato, are the committee members.

They'd like to have all proposed platform planks before them tomorrow night, but the deadline actually is Thursday morning. The committee undoubtedly will meet again Saturday morning to complete its work.

Many of your correspondents laud Dr. Schwarz' Anti-Communist Crusade, and decry his critics. The FBI "official estimate" lists eight to ten thousand Communist Party members in the United States. As time passes, the ranchers in the area who have opposed the larger acreage will find that the 53,000-acre tract will work better to their advantage in addition to maintaining the sylvan and pastorial aesthetics of the park.

The Point Reves National Park bill is now in committee in Washington, D.C. A hearing is expected to be held in the near future.

For Waterfowl

California's Fish and Game Commission has formally approved the proposed purchase by the U.S. Fish and Wildlife Service of 5,664 acres of land near Maxwell, Colusa County, for development as a federal waterfowl management area.

Federal acquisition of the area, known as the Welch property, had previously been approved by the Colusa County Board of Supervisors. Final approval of the sale, which carries a \$1,800,000 price tag, is now up to the federal Migratory Bird Conservation Commission which is scheduled to consider the matter in late February.

A special message comes from the McCarthy children who always participate in the party plans. They explain that their parents must limit the number of guests to 100 Shieks and their wives. Steinmetzes To Address Guild, Feb. 20

St. Hilary's Women's Guild members will hold its last meeting before Lent at the Tiburon home of Mrs. Jack Weber, 5 Barner Lane, on Feb. 20, according to program chairman Mrs. Branwell Fanning.

Special guests at the afternoon meeting, which will begin at 1 p.m., will be San Rafael landscape architects Katy and Paul Steinmetz, who will take as their topic, "Winter Gardening for Spring Blossoming." Their talk will be illustrated with color slides and will be followed by a question and answer period.

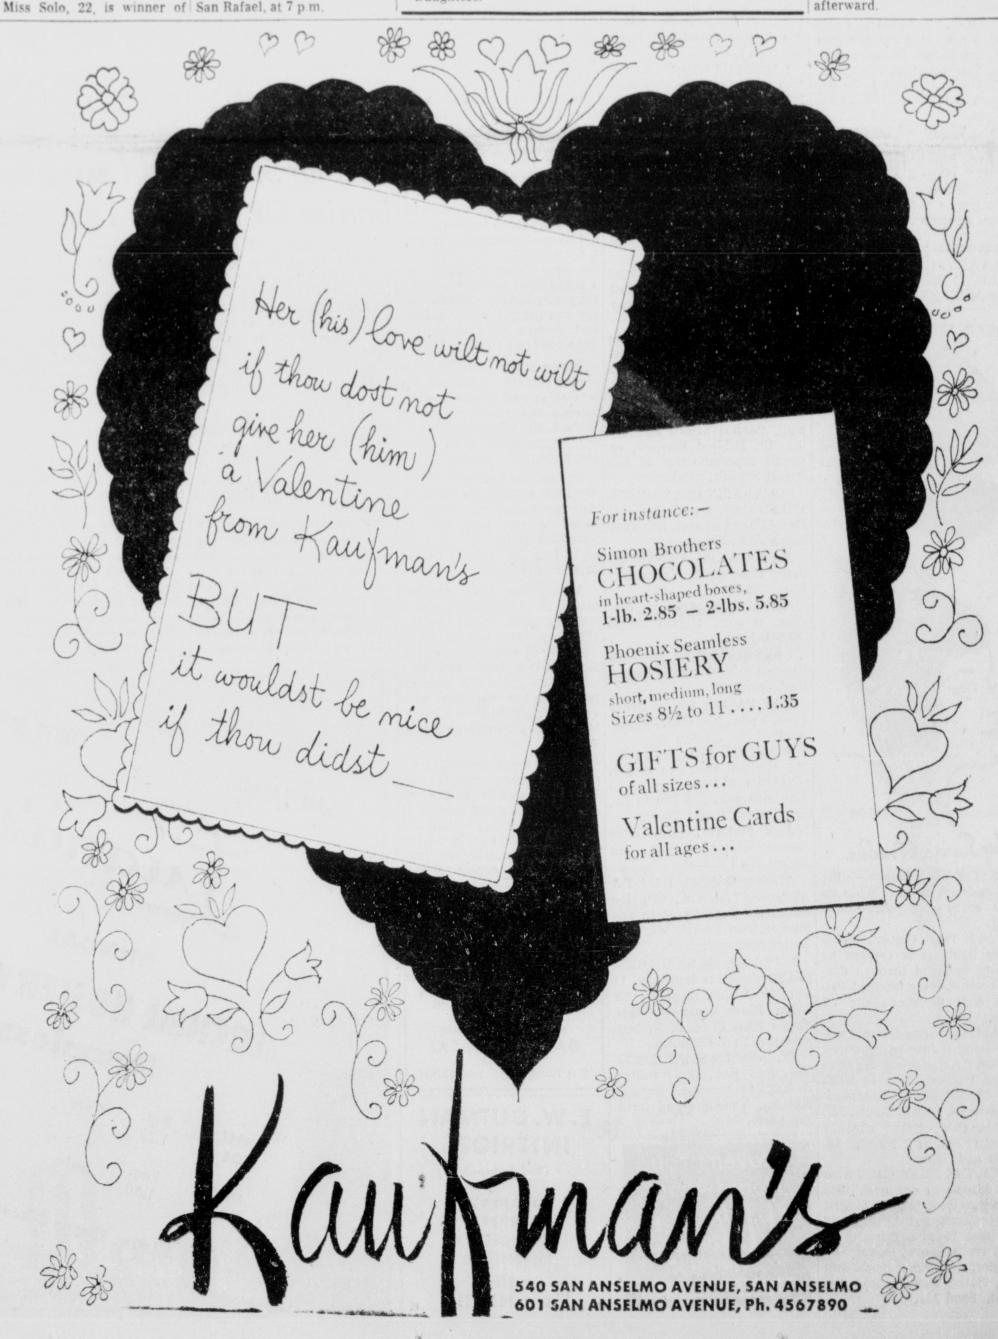

The Steinwetzes, whose work is well known both in Marin and San Francisco, have recent. ly completed landscape architectural plans for the new Laurell Dell Intermediate School and the Glenwood Subdivision, both in San Rafael.

Guests at the afternoon event will also hear a report from Mrs. John Kampmeyer, chairman of the St. Patrick's Day Dance, which will be held on March 17 at the Peacock Gap Country Club. The Irish theme of the dance will have particular meaning for Guild members this year, Mrs. Kampmeyer says, since members of the Sisters of the Holy Faith teaching order will be coming over from Ireland later in the year to staff the new St. Hilary's Parochial School, due to open in September.
